Dance Pre-Enrolment Form Units 1–4 2017

VCE Dance expands students dance ability and application of choreographic and analytical principles. The study is made up of four Units. Each Unit addresses specific content contained in the VCE Study Design available at www.vcaa.vic.edu.au

VCAA recommends that students have three to four years dance and/or movement experience prior to the commencement of VCE Dance. This experience might focus on a specific dance style or could involve the development of a personal movement vocabulary.

Students are also required to participate in at least one weekly technique class with a 'studio' or dance teacher. Any style can be studied in order to develop physical skills and dance technique from which to choreograph their own dances.

If you are not currently taking regular dance classes, visit the Ausdance website for a full list of dance teachers in your area: http://www.ausdancevic.org.au/victorian-dance-directory
