

2017 F-12 Enrolment Handbook

Welcome to the Distance Education Centre Victoria

The DECV is Victoria's leading virtual school. With over 3,800 students from Foundation to Year 12, more students study at DECV than any other school in Victoria. We provide education to a range of students with varying personal circumstances who are unable to attend mainstream schooling. Central to our mission of providing 'flexible learning for all' is a commitment to engagement and inclusion, regardless of each student's background or circumstances.

Our teachers are dedicated to building the confidence and resilience of each and every student. We take pride in helping our students to prepare well for university, higher learning or employment beyond their schooling.

2017 is an exciting time to be studying at DECV. In order to provide our students with the best education possible, this year we will continue to enhance the way our students learn and interact with each other and their teachers.

Whatever your reason for considering enrolment with us, I encourage you to read through the information in this handbook, as well as the subject information available on our website.

If you or your family would like to learn more about DECV and online learning, or have any other questions, our enrolment staff are here to help and provide confidential advice online, over the phone or in person.

Best wishes for your studies with us,

Bretton New
Principal

2017 Enrolment Information

For Year F-12 students enrolling directly with the DECV

What is DECV?

As the state's leading virtual school, the Distance Education Centre Victoria (DECV) provides flexible learning opportunities to a diverse and unique cohort of Victorian Foundation-Year 12 (F-12) students. We foster a safe, engaging and inclusive learning environment by coupling state-of-the-art technology with innovative and adaptive teaching practices. Our teachers are trained and experienced in best-practice online learning techniques, providing students with regular interaction and individualised support. We are focused on challenging students to pursue excellence and achieve their individual learning goals.

In 2016, DECV launched Australia's first F-12 pedagogical model for online learning. We are a system leader in online, virtual and blended learning, constantly evolving our practice based on cutting-edge research. We adopt a whole school approach to student wellbeing and have a resolute commitment to health promotion and child safety. We are dedicated to do all that we can in order to build the confidence and resilience of each and every one of our students.

What is it like learning by distance?

Learning by distance is very different to mainstream schooling. DECV students have the flexibility to learn in a way that is not always possible in a 'bricks and mortar' classroom. Students can work at their own pace to complete set learning activities, without distraction. They also collaborate with peers in our secure online environment.

DECV students have access to a range of structured learning materials, both printed and online, that are personalised for each individual. Online classes and face-to-face seminars are held regularly in many subjects, providing further opportunities to connect and collaborate with peers. Teachers are available to speak to students in person, over the phone or online.

The time needed to set aside each week depends on how many subjects are being studied. If enrolled in a full-time learning program, students can expect to be devoting the same amount of time to study as students in mainstream schools. DECV students set up their own weekly timetable and commit time each week to study in order to complete set weekly or fortnightly work submissions.

What will I learn?

In Years F-10, the DECV's learning programs are in line with the Victorian Curriculum. In Years 11-12, the DECV follows the curriculum set by the Victorian Curriculum and Assessment Authority (VCAA) in our wide range of VCE subjects.

Learning programs are organised into manageable segments. Students are guided through the subjects they are studying and provided with tasks to complete, which are then assessed by teachers and returned with feedback.

Individual learning programs are developed where appropriate so that all students, regardless of their age or ability, can be engaged and challenged.

What role do parents/carers play?

Teachers at the DECV understand the essential role parents and carers play in supporting and encouraging their children to learn. DECV teachers provide up-to-date learning and engagement information to parents and carers in order to support them to take an active role in their child's education.

The DECV Portal is an area on our website where parents, carers and supervisors can view useful information about a student's progress at DECV. Once registered and logged in, parents/carers will be able to find details about the:

- Subjects the child is completing
- Recent work the child has submitted and the feedback received
- Teachers' contact details
- Progress/module reports and end of semester reports

To access the DECV Portal, parents/carers need to enter a valid email address in the 'Primary Family Information' section of the enrolment application.

Will I require internet access?

All students enrolling at the DECV require regular and reliable access to the internet. Different subjects will require different levels of internet access. Some subjects have supplementary print material, which is posted out upon enrolment. Other subjects are available exclusively online. Even for those subjects where print material is available, students will be expected to communicate and submit work online. All student reports are available online only.

The subject information pages on the DECV website have more information about the technological and other requirements for individual subjects. Please read these pages carefully before making subject selections.

Will textbooks need to be purchased?

Some of our subjects require either digital or physical textbooks and other resources to be purchased.

Our resource list for 2017 is available at <http://www.distance.vic.edu.au/resourcelist/>.

Our recommended textbook supplier is **Campion Education**.

Password: **decv2017**

All orders through the education portal can be picked up at any Australian JB Hi Fi store.

Alternatively, purchased items can be sent out to any Australian postal address for a flat delivery fee of \$20. Typical delivery time is two weeks, but may take up to four.

Can I study a language other than English?

Languages other than English are offered by the Victorian School of Languages (VSL). The VSL operates separately to the DECV, but many of our students choose to study languages with them. The VSL is also located at 315 Clarendon St, Thornbury.

Enrolling to study a language at the VSL is easy. The Languages application form is part of the DECV enrolment application. The form needs to be completed and submitted to the DECV along with the rest of your application. Once your enrolment with the DECV has been approved, we will send your Language application to the VSL.

The languages available through distance education are Arabic, Chinese, Classical Greek, French, German, Greek, Indonesian, Italian, Japanese, Latin and Spanish. For Language classes provided at 40 VSL campuses around Victoria after hours, visit the VSL website.

For more information visit www.vsl.vic.edu.au.

Will I need to sit exams?

Students completing VCE Unit 3 and 4 studies will be required to sit the VCAA examinations.

The VCAA General Achievement Test (GAT) will be held on 14 June 2017. All students studying a Unit 3 and 4 subject must sit the GAT.

The VCAA Extended Investigation exam will be held on 2 August 2017. Students studying the Extended Investigation VCE subject will be required to sit this exam. Please note the requirements stated on the pre-enrolment form.

The VCAA Oral and Performance exams will be held from 9 October until 5 November 2017. Students studying any VCE subject that has a performance component will be required to sit this exam, which must be completed in Victoria.

The VCAA end of year examinations will be held from 1 November until 24 November 2017. These are subject specific exams for students studying Unit 3 and 4 subjects.

Some students may require Special Exam Arrangements and/or interstate/overseas examinations. VCAA have strict requirements for these arrangements and students/families will need to fill out application forms and supply supporting documentation. Further information will be sent to all students in Term One and re-sent in Term Three.

If there is any questions please email exams@distance.vic.edu.au

When can I start?

The DECV operates on the same term dates as all other Victorian Government Schools. The dates for 2017 are:

Term 1:	31 January to 31 March
Term 2:	18 April to 30 June*
Term 3:	17 July to 22 September
Term 4:	9 October to 22 December

The school year is broken into two semesters. For F-10 students, Semester One covers the first and second terms; and Semester Two covers third and fourth terms.

*For 11-12 students, Semester One commences on 31 January and Semester Two commences on Monday 19 June, two weeks before the end of term two.

F-10 Enrolments

For students enrolling in Years F-10, 2017 enrolments are open from **10 October 2016** until **4 August 2017**.

Students intending to start the school year at the DECV are encouraged to submit their enrolment application as early as possible to enable them to commence at the start of Term One.

11-12 Enrolments

For Year 11 and 12 students, enrolment applications are open for the following periods.

Semester 1:

Enrolments open: Monday 10th October 2016

Semester starts: **Tuesday 31st January 2017**

Late enrolments will not be accepted after:

Wednesday 15th February 2017

Semester 2:

Year 11 subject enrolments only

Enrolments open: Monday 1st May 2017

Semester starts: **Monday 19th June 2017**

Late enrolments will not be accepted after:

Wednesday 28th June 2017

Transfers from other schools may be accepted outside these dates in some circumstances. Students applying to transfer will need to download and complete a transfer application form from our website and attach it to their application. Contact the DECV enrolments team for more information.

Who to contact?

If there are questions or concerns about the enrolment process, please contact the DECV Enrolments Office. For subject selection advice, contact the relevant Year Level Coordinator. They are available between 9am and 4pm Monday to Friday during the school terms.

DECV Dux of 2015 – Stephen Zhang

Congratulations to our Dux of 2015, Stephen Zhang. Stephen joined DECV in 2014 and completed his Year 11 and 12 studies with us. He achieved a perfect Australian Tertiary Entrance Rank (ATAR) of 99.95 and is currently studying at the University of Melbourne.

Stephen has the following advice for future DECV students:

“Studying with DECV is a uniquely rewarding challenge, one that will build and draw upon qualities of determination and independence. Essential to succeeding with DECV are organisational, time-management and goal-setting skills which, once developed, empower you for your life and career. You’ll need to be independent – but you’ll never have to do it alone! I’m hugely grateful to the staff and teachers at DECV for the invaluable support and encouragement they provided me during my journey, and I’m sure you will be too. Choosing to engage with your DECV teachers and peers will make achieving your goals much easier and more enjoyable.”

Stephen Zhang at the Premier's VCE Awards with the Hon. James Merlino, Minister for Education

Eligibility Criteria for direct enrolment with the DECV

Who can enrol at the DECV?

The DECV exists to meet the educational needs of Victorian students whose circumstances prevent them from accessing mainstream schooling. In order to directly enrol with us, students must fall under one of the five enrolment categories outlined below.

Enrolment under each category requires documented evidence to be submitted with the enrolment application. The evidence required for each category varies and is outlined below.

Enrolment at the DECV is only granted for the duration of the school year. Students enrolled in 2016 and who want to continue their enrolment with the DECV in 2017 are required to re-enrol for the 2017 school year by completing a new application form and supplying updated supporting documentation to the DECV.

Students in mainstream schools

Students wishing to maintain their current enrolment in a mainstream school and complete one, or (in the case of 11-12 students) two subjects not available at their school, need to apply using the 'Students in Schools' application form. This can be downloaded from our website at www.distance.vic.edu.au

Requirements for all students

1. Victorian residency

Enrolment at the DECV is subject to Department of Education and Training (DE&T) guidelines and is only available to Victorian residents.

A resident is a person with a permanent, residential address in Victoria. The onus is on the enrolling student's family to provide proof of their residency. Victorian residents temporarily travelling overseas or interstate are eligible to apply.

2. Minimum enrolment period

Enrolment is available to all eligible Victorian residents who are unable to access regular schooling for a minimum of two consecutive school terms or six consecutive months within a single school year.

3. Proof of age

All students must submit their proof of age with their enrolment application. This can include a copy of a birth certificate, passport, or driver's license. In some circumstances, certified copies may be requested.

Pre-enrolment interview

In certain circumstances in order to optimise student engagement and learning outcomes, the DECV may deem that a face-to-face interview is required prior to approving an enrolment application. If this is the case, the student or their parent/carer will be contacted after they have submitted their application to schedule a time.

CATEGORY 1: MEDICAL

1a. Medical (Physical)

Students enrolling in this category must have a specialist diagnosis of a physical disability that restricts their ability to attend a mainstream school for a period of six months or more.

Evidence required:

- **A School Referral Form**

The student's most recent school must complete this form, outlining the student's prior schooling experience, the supports that have been put in place for the student and a recommendation regarding the suitability of an enrolment with the DECV. If the student is not at school, an agency referral form is required, confirming their situation.

- **A Practitioner Referral Form**

A medical practitioner in the relevant field must complete this form, outlining how the student's diagnosis and/or treatment prevents their attendance at a mainstream school; how this may impact upon their ability to engage with study; and what continuing treatment or support will be provided.

In situations where an agency is also involved with a student, applicants are asked to provide an Agency Referral Form.

1b. Medical (Social/Emotional)

Students enrolling in this category must have a diagnosed mental health or social emotional difficulty, meaning it is not possible for them to attend mainstream school for an extended period of time.

The DECV recognises that an important prerequisite for successful engagement with education is the establishment of effective ongoing treatment and support for mental health and social emotional difficulties. Students must demonstrate they are receiving ongoing professional treatment and/or support for their condition/s.

Evidence required:

- **A School Referral Form**

The student's most recent school must complete this form, outlining the student's prior schooling experience, the supports that have been put in place for the student and a recommendation regarding the suitability of an enrolment with the DECV.

If the student is not at school, an agency referral form is required, confirming their situation.

- **A Practitioner Referral Form**

A specialist practitioner (psychologist, psychiatrist, paediatrician or social worker) must complete this form, outlining all relevant primary conditions that prevent the student's attendance at a mainstream school; any other issues that may impact on the student's ability to engage with study; and summary details of the ongoing treatment and/or support plan prepared for the student.

And/or

- **An Agency Referral Form**

Where there has been agency involvement in the care and support of a student (e.g., DHHS, Anglicare, Salvation Army) an Agency Referral Form must be completed by the relevant support worker. This should outline all relevant primary reasons why the student is unable to attend a mainstream school; any issues that may impact on the student's ability to engage with study; and summary details of the ongoing treatment and/or support plan prepared for the student.

CATEGORY 2: TRAVEL

Students enrolling in this category must be Victorian residents who are unable to attend a mainstream school because they are travelling within Victoria, Australia or overseas. Travel may be required due to a parent's work commitments or an extended family holiday. Following the period of travel the student must re-commence enrolment at a mainstream school in Victoria.

Evidence required:

- **A letter from the student's most recent school**

A letter from the student's most recent school is required confirming: (a) that the student was/is enrolled at the school; (b) that the student has left or is leaving for the purpose of travel; and (c) the expected date that the student will return from travel and re-commence enrolment at a mainstream school.

- **A letter from a parent's employer**

This needs to outline the period of employment where the parent is expected to be out of Victoria and/or travelling.

Or

- **A certified Statutory Declaration**

This needs to be signed in front of an authorised witness, and must detail: (a) the proposed itinerary of travel/work; (b) the nature of the travel (eg. work or family holiday); and (c) the expected date of return. A statutory declaration is also required when travel is due to parent's work and they are self-employed.

Generally it is expected that students who have been, or expect to be based in a location interstate or overseas for a period of more than two years should enrol in a mainstream school in the location where they are based.

Students who have been enrolled at the DECV under the 'travel' category for two or more years are required to seek approval from the DECV to continue their enrolment by re-submitting the supporting documentation. Approval is at the discretion of the DECV Principal.

CATEGORY 3: SPORTS/PERFORMANCE

Students enrolling in this category must have elite sporting or performing arts commitments which prevent them from attending mainstream school. These commitments may include performance or training commitments during regular school times, or extended interstate/international travel for training, competition or performance.

Evidence required:

- **A letter from the student's most recent school**

A letter from the student's most recent school is required confirming: (a) that the student was/is enrolled at the school; (b) that the student has left or is leaving for the purpose of sports/performing arts commitments; and (c) that in their view, Distance Education is an appropriate alternative educational experience.

- **A letter from the sporting/performing arts association/agent**

A letter from the student's sporting/performing arts association/agent is required confirming: (a) that the student is involved or competing in elite level sport or performing arts; (b) that the student's performance/training schedule prevents them from attending mainstream school; and (c) that in their view, Distance Education is an appropriate alternative educational experience.

CATEGORY 4: DISTANCE

Students enrolling in this category must be Victorian residents who live in a remote area where it is not feasible to travel to a local mainstream Government School. The requirements for enrolment in this category vary depending on the age of the student. The following minimum distance requirements must be met.

Students over nine years of age who live more than five kilometres from the nearest Government School or nearest bus route.

Students under nine years of age who live more than three kilometres from the nearest Government School or nearest bus route.

Evidence required:

- **A letter from the closest Government School**

This letter should confirm the student's current residential address, and that this address meets the minimum distance requirements outlined above.

CATEGORY 5: YOUNG ADULTS

Students aged at least 17 years of age at the beginning of the semester they wish to commence in and less than 21 years on the 1st January 2017, may enrol to study a VCE course of study with the DECV in 2017.

Evidence required:

- **A Young Adult Referral Form**

This form needs to be completed by either: a) the student's previous school; b) a treating specialist medical practitioner; or c) an agency working with the student or their family. This form should outline the student's prior schooling experience, the supports that have and will be put in place for the student, and a recommendation regarding the suitability of an enrolment with the DECV.

Students enrolling in this category are also required to provide proof of age, such as a birth certificate, passport or driver's license and must complete the 'Student Enrolment Information' page in their application, outlining why they feel the DECV and online learning is the most appropriate educational option for them rather than studying at a mainstream school, TAFE or other educational provider.

Enrolment process

How do I enrol?

In order to enrol at the DECV, the following four tasks must be completed:

1. Identify an enrolment category

Students must identify which category they intend to enrol under, as outlined on the previous three pages.

2. Gather supporting documentation

Different supporting evidence is required, depending on the enrolment category. Referral forms can be found at the end of this enrolment handbook. *All students enrolling with the DECV need to supply proof of age.*

Schools, medical practitioners and outside agencies can return completed referral forms to the student so they can submit all enrolment documentation at once. Alternatively, they can send them directly to the DECV.

3. Complete the enrolment application form

All students enrolling need to complete the 2017 Enrolment Application Form including the Subject Selection and Personal Details sheets relevant to the year level they are applying for.

4. Send your completed application to the DECV

Once completed, the application needs to be sent to the DECV enrolments team. There are a number of ways this can be done:

1. Email:

Scan and email the completed application to **enrol@distance.vic.edu.au**
Please note: email attachments must be less than 10MBs per email.

2. Fax:

Fax the completed application to:
(03) 9416 8487

3. Post:

Post the completed application to:
Enrolments Office
Distance Education Centre
Victoria
315 Clarendon Street
Thornbury, VIC, 3071

4. In person:

Drop off the completed application in person between 9am-4pm during term times at our Thornbury address:
315 Clarendon Street
Thornbury, VIC, 3071

Primary Enrolments

It is important that all F-6 students visit the DECV with their parents for an interview to meet their teachers and have their learning needs assessed so that we can select an appropriate individual learning program for the student.

Prior to the interview please complete and return your child's enrolment forms (including any required referrals, reports and supporting documentation) to the DECV enrolment office. Once processed, you will be contacted in order to arrange a mutually convenient time to meet the F-6 Coordinator and (if possible) your child's future class teacher.

For the interview please bring:

- Your child(ren)
- Your child's most recent school report

At the conclusion of the interview, each child enrolled will be given learning materials that are set at an appropriate level.

If it is not possible to physically visit the DECV, it is important that you speak to the F-6 Coordinator and send a copy of your child's last school report with your enrolment application. This will ensure that an appropriate learning program can be selected to suit your child's individual needs.

Children commencing primary school in Foundation (Prep) must be five years of age or older by 30th April of the year they start school. Victorian children between the age of six and seventeen years must be enrolled in a school.

DECV Online Acceptable Use Agreement

This agreement applies to all students undertaking study at the DECV. It is a condition of enrolment that the Student Enrolment Agreement on page 17 is signed, agreeing to this.

When engaging with my school work, either at the Distance Education Centre Victoria or at home, I agree to be a safe, responsible and ethical user at all times by:

- respecting others and communicating with them in a supportive manner; never writing or participating in online bullying (e.g. forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviours)
- protecting my privacy; not giving out personal details, including my full name, telephone number, address, passwords and images
- protecting the privacy of others; never posting or forwarding their personal details or images without their consent
- contacting a teacher or a trusted adult if I personally feel uncomfortable or unsafe online
- contacting a teacher or a trusted adult if I see others participating in unsafe, inappropriate or hurtful online behaviours
- contacting a teacher or a trusted adult if someone writes something I don't like, makes me and/or my friends feel uncomfortable or requests information from me I know is private
- carefully considering the content that I upload or post online; knowing that this is a personal reflection of who I am and what people may think of me
- investigating the terms and conditions of use of the websites I sign up to as part of the learning program (e.g. age restrictions, parental consent requirements) and if my understanding is unclear seeking further explanation from a trusted adult
- confirming that I meet the stated terms and conditions and completing the required registration processes
- abiding by copyright and intellectual property regulations; requesting permission to use images, text, audio and video and citing references where necessary
- not downloading unauthorised programs, including games while using the school's ICT equipment
- not interfering with network systems and security, the data of another user or attempting to log into the network with a user name or password of another student, parent/carer or school staff member
- not revealing my password to anyone including teachers or administrators at the school
- using social networking sites for education purposes and directed by the school
- not deliberately entering or remaining in any site that has obscene language or offensive content.

In addition, when I use my personal mobile devices (including my phone) while engaging with my school work I agree to be a safe, responsible and ethical user at all times by:

- respecting the privacy of others; only taking photos or recording sound or video when others are aware and formal consent has been provided as part of an approved learning program
- respecting others and communicating with them in a supportive manner, including outside school hours and in social contexts by not making harassing phone calls/text messages or forwarding on messages
- obtaining appropriate (written) consent from individuals who appear in images or sound and video recordings before forwarding them to other people or posting/uploading them to online spaces.

Parent/Carer Rights

All parents/carers have the right to:

- meaningful feedback from and communication with teaching staff
- be notified of any pertinent information relating to the student
- access any information regarding the student within the confines of any legal requirement

Parent/Carer Responsibilities

All parents/carers are responsible for:

- liaising with members of the school community in a positive and respectful manner
- providing the school with all relevant information pertaining to the student
- working with the school in a variety of forums and responding to communications in a timely manner
- supporting students to engage and participate in their learning program and the wider school community
- ensuring their child submits work in accordance with the prescribed or negotiated submission timetable

Consent to Access Student Records and Information:

The DECV aims to work together with students and their families to provide the best possible teaching and support. We use the information we collect on each student in order to establish supports that are required and to provide students with appropriate services.

I give consent for the DECV to access any existing relevant personal or health information (eg. information from previous schools, DE&T Psychology Files) located at DE&T Regions, specialist practitioners agencies or previous school/s.

Submitting your application

Once complete, send your application to the DECV Enrolments team. There are a number of ways you can do this:

What will happen once you submit your application?

Step 1 - Determining Eligibility

Once your Enrolment Application has been submitted, it will be reviewed by our Enrolment Officers in order to ensure you meet our eligibility criteria. If it is determined that further evidence is required in order for the enrolment to be processed, you or your parents/carers will be informed of this. Complex enrolment cases will be referred to our Enrolment Advisors who will contact you or your parents/carers directly.

Step 2 - Confirming an appropriate learning program

Once we have determined that you meet our enrolment eligibility criteria, the relevant Year Level Coordinator will then consider your individual circumstances and determine the most appropriate learning program for you. The Year Level Coordinator may need to call you or your parent/carer in order to explain/negotiate a program. (Your learning program may also be modified by your Learning Advisor following enrolment, if required.)

Step 3 - Providing online access

Once your learning program has been determined, your details will be entered onto our system and a Student ID number will be generated for you. Once your details are entered, it takes another 48 hours for an email to be sent out confirming your enrolment.

Can I receive a Government Allowance while at the DECV?

Students and parents may be eligible for government allowances while studying at the DECV.

Centrelink administers student assistance payments for Youth Allowance, Austudy, ABSTUDY, Assistance for Isolated Children (AIC) and Pensioner Education Supplement (PES) for eligible students.

Parents or students who hold a Commonwealth Pensioner Health Benefits Card, a Commonwealth Health Care Card or a Commonwealth Health Benefits Card on the first day of Term 1 may be entitled to some Government allowances. These allowances are also payable to legal guardians, foster parents and T&PI pensioners. If you believe that you are entitled to any Commonwealth Government payments, contact your Centrelink office:

- Family and Parents Line 136 150
- Youth and Student Line 132 490
- Abstudy Line 132 317
- Assistance for Isolated Children 132 318 (Youth and Students Line)

Fulltime students should be aware that the DECV is required by law to supply an audit report to Centrelink each term on student enrolment status and work submission rates. Students receiving Centrelink payments who fail to submit work according to the prescribed timetable may be re-classified by Centrelink as a part-time student, which may affect their entitlements and create a debt to repay.

Visit the Centrelink website for more information: www.humanservices.gov.au

2017 Year 10 Student Personal Details

This form is to be completed by students enrolling in Year 10 who do not have a program enrolment on the Victorian Curriculum and Assessment Authority's Victorian Assessment Software System. Students using this form should not previously have had an enrolment in VCE, VCAL or the International Baccalaureate. Indicated names must be legal names as per birth certificate or Deed Poll.

VCAA Collection Notice for Students

The Victorian Curriculum and Assessment Authority (VCAA) is a statutory authority established under the Education and Training Reform Act 2006. The VCAA is committed to protecting student information, and all personal information collected is handled in accordance with the Information Privacy Act 2000.

Collection of Student Data

In order to perform its functions the VCAA collects the personal details of all senior secondary level students including performance data related to the Victorian Certificate of Education (VCE) assessment program. The personal details of students other than those with VCE, Victoria Certificate of Applied Learning (VCAL) or International Baccalaureate (IB) programs are collected to supply support for these students or for reporting purposes. All information is collected directly from students by the school.

If additional information is required (for example, a Special Provision application), this is also collected from individual students.

The information on Aboriginal and Torres Strait Islander origins is used by the VCAA to report to the Commonwealth and State Governments to assist in the planning of support for students who fall within these categories. No individual students are identified in such reports.

The VCAA is the National Assessment Program – Literacy and Numeracy (NAPLAN) test administration authority (TAA) for all Victorian schools and school sectors. In order to fulfil its responsibilities as TAA for Victoria, the VCAA collects the names and a range of other background information on all Year 3, 5, 7 and 9 students who are eligible to participate in the program. All student data is submitted to the VCAA via the Victorian Assessment Software System (VASS).

Use of student data

The student data collected by the VCAA, including personal details, unit results, Graded Assessments, VET certificate results and data on Special Provision, together with study scores and General Achievement Test (GAT) scores, are used by the VCAA to provide individual students final VCE, VCAL and GAT results. The assessment data which is provided to the student directly is also provided to his/her home school or to the school where the study was undertaken. The data may also be provided to the relevant umbrella organisations such as the Catholic Education Office in the case of students enrolled at Catholic schools.

The purpose of disclosing the student assessment data to the schools is to enable schools to analyse the effectiveness of their school assessment

programs. In this way the VCAA ensures quality assurance of the VCE and VCAL assessment programs across the state of Victoria.

Personal details of all VCE, VCAL, IB students are forwarded to the Victorian Tertiary Admissions Centre (VTAC) for inclusion in CourseLink, a password-protected interactive, web-based program, which enables individual students to access career and course options tailored to take into account their place of residence, interests, existing studies and future plans.

The VCAA also forwards individual students' personal information, VCE, VCAL and GAT results, and, if applicable, data for Special Provision to VTAC for the calculation of the Australian Tertiary Admission Rank (ATAR), and if necessary, for the submission of student applications for tertiary course selection.

NAPLAN information collected by the VCAA is used for a range of purposes, including printing student names on test booklets and later in the production of parent and school reports for Victoria.

The VCAA is required by the Electoral Act 2002 (Vic) to give to the Victorian Electoral Commission the name, date of birth and postal address of Victorian students who have turned 18 on or before 30 June in the year of school enrolment, to facilitate the students' electoral enrolment.

In addition, the VCAA is required to provide Victorian student results data to the Australian Curriculum, Assessment and Reporting Authority (ACARA) so that they can prepare National Reports related to the outcomes of the NAPLAN tests.

Notification, access and security

Students will be notified of what information has been collected from them and the level of disclosure to which they have consented via a 'Student Full Details Report', which will be available from the school following lodgement of Personal Details forms at the time of enrolment or registration.

Student information collected by the VCAA is stored on its database and access is limited to authorised staff at the VCAA and the school, except where disclosure is noted above, or as required or authorised by law.

Data collected from students and the results awarded to them are retained permanently by the VCAA. These records are held in the database and backed up securely. All records are held securely.

Correspondence concerning access to student records held at the VCAA, including individual assessment and contact details, should be addressed to the Manager, Student Records and Results, VCAA, Level 1, 2 Lonsdale Street, Melbourne 3000.

SECTION A: Declaration

It is the responsibility of the student to supply complete and correct information on their enrolment application forms. The VCAA does not accept responsibility for verifying the completeness or accuracy of information provided by the student.

I declare that to the best of my knowledge the information supplied on this enrolment application is correct and complete.
