1. WHERE TO FOR JOBS? We all hear about loss of jobs, the changing employment scene,

part time work, underemployment, jobs of the future. Obviously the future job situation is very hard to predict, but clearly, young people of today face tough

decisions and an uncertain future regarding their study and career options. In this regard, you might be interested to read some of Jan Owen’s thoughts in the publication **The New Work Order: Ensuring young Australians have skills and experience for jobs of the future, not the past**, at <http://www.fya.org.au/2015/08/23/media-release-young-people-hardest-hit-by-new-work-order/>. She believes that there will be three key economic drivers – automation, globalisation and collaboration. It makes for interesting, if concerning reading, with young people facing career/employment options entirely different from many of the older generations.

2. SOME OPEN DAY DATES FOR 2017 –

These dates are supplied now for your diaries so you don’t double book activities on these days. Attendance at Open Days is vital for senior school students. They are especially important

for courses which involve a folio presentation, an interview, an audition or completion of some type of information kit as part of the application process (eg many art, design, drama and music courses). You need to see the facilities, go to an information session, talk to staff/students, and compare institutions.

GROWTH - Swinburne experienced a 15% increase in first preference applications for courses for 2017 over the previous year. There was also a 5% increase in offers of places at Swinburne. This was despite an overall fall in offers in Victoria of 6%. **Health Sciences** experienced the greatest increase of 117% over the last year. Design achieved an 18% increase, Computer Sciences/ICT increased by 16%, Business by 15% and Media and Communications by 13%.

SCHOLARSHIPS - From 2017 onwards, scholarships of \$5,000pa will be automatically offered to Swinburne applicants who receive an ATAR of 95 or more (no

separate application required). Various grants are also available (apply direct to Swinburne). In addition, the **High Achievers Program (HAP)** will provide students receiving an ATAR of 95 or more with mentors, a personalised program, projects, and one-on-one assistance.

- **NEW COURSES AT SWINBURNE IN 2017** will be the **Bachelor of Nursing** (with a technology focus) and the **Bachelor of Engineering Practice**. There will also be a **Diploma of Advanced Technologies**.
- Swinburne is commencing an **EARLY LEADERS PROGRAM**. The ELP provides secondary students with **opportunities to build and document their individual strengths and interests**. The program identifies students who show enthusiasm and achievement in areas **outside their secondary studies**, including volunteer work, club or society participation, school projects and career exploration. By **documenting and reflecting** on their skills

and achievements, students will create a valuable resource with certified credentials from Swinburne for use in applications for employment, further study or other pursuits. Part of the reason for this program is that students are **individuals** with individual talents that may **not be recognised by the ATAR system**. NOTE: It is **not** an early offer program. The program is aimed at students in Year 11. Register interest at: <http://www.swinburne.edu.au/early-leaders>.

- Swinburne is now offering a Masters degree in **OCCUPATIONAL THERAPY**, and from 2018 – 2020 will introduce Masters degrees in **PHYSIOTHERAPY, DIETETICS and SPEECH PATHOLOGY**.

what their dream career is really like. Parents can attend the **parents’ session** if they wish covering topics like university costs, courses and admissions. **When: Melbourne:** 9.30am – 4.30pm, Fri 7 April & Thurs 6 July; country campuses have Experience Days later in the year. **Registrations and information:** <http://www.latrobe.edu.au/experience/event/s/experience-la-trobe-events>

As a result of this, ASPIRE students are able to access a place at La Trobe on a **significantly lower ATAR** than otherwise required. Many employers indicate that volunteer experience gives candidates an **advantage**, and ASPIRE students are leading the way in employability. More information on applications for 2018 later.
