

2020 Practitioner Referral Form

Section A: Important information

This form is to be completed by a **specialist practitioner** in order to determine a student's eligibility for enrolment with Virtual School Victoria (VSV) and to assist with the development and coordination of learning and support plans. A Practitioner Referral Form (PRF) completed by a General Practitioner (GP) will not be accepted.

Full-time enrolment at VSV requires the student be withdrawn from the environment of their local school to undertake study through online learning platforms from their family home under the supervision of a parent/carer.

VSV does not receive the DET Program for Students with Disabilities funding.

Enrolment is for the current academic year only. It is expected the student will return to a local school after this time or will be required to reapply for enrolment at VSV.

VSV recognises that an important prerequisite for successful engagement with education is the establishment of effective ongoing treatment and support for health conditions and complex social circumstances. Referral information should demonstrate the student will be receiving ongoing professional treatment and/or support for their condition/s and are committed to using these supports.

Students enrolled at Virtual School Victoria require supervision by a parent or carer. Supervisors are required to perform a range of duties including:

- facilitating communication between the student and teachers
- ensuring age appropriate adult supervision of the student
- engaging with material provided by VSV both in a written and verbal format
- ensuring that the student has access to a telephone, computer and suitable work area
- supporting the student to engage and participate in the learning program and the wider school community
- ensuring the student submits work in accordance with the prescribed or negotiated submission timetable.

Section B: Information to determine a student's eligibility and support their enrolment
